Classes	Different classes on offer
Email	janelle@scholarsincollars.com.au
Website	www.scholarsincollars.com.au

Sometimes more help is needed

Sometimes behaviour has a medical and/or neurological cause rather than a training or environmental cause. In these cases, our instructors may recommend that you see a behaviour veterinarian - one who has undertaken additional extensive study in the neuroscience of behaviour - instead of, or in addition to, a certified dog trainer.

For more information about private consultations visit **caninebehaviouralschool.com.au**
